

# WECHS

## Health Science I - Honors

### Course Objectives\*

ES # Obj #	Unit Titles/Essential Standards and Objective Statements (The learner will be able to:)
1	2
	<b>Total Course Weight</b>
<b>A</b>	<b>HUMAN BODY'S SUPPORT, MOVEMENT AND USE OF NUTIENTS</b>
<b>1.00</b>	<b>Understand the body's systems of support and movement</b>
1.01	<i>Remember structural organization.</i>
1.02	<i>Remember the structures of the skeletal system.</i>
1.03	<i>Understand the functions and disorders of the skeletal system.</i>
1.04	<i>Remember the structures of the muscular system.</i>
1.05	<i>Understand the functions and disorders of the muscular system.</i>
<b>2.00</b>	<b>Understand the body's use of nutrients</b>
2.01	<i>Remember the structures of the circulatory system.</i>
2.02	<i>Understand the functions and disorders of the circulatory system.</i>
2.03	<i>Remember the structures of the lymphatic system.</i>
2.04	<i>Understand the functions and disorders of the lymphatic system.</i>
2.05	<i>Remember the structures of the respiratory system.</i>
2.06	<i>Understand the functions and disorders of the respiratory system.</i>
2.07	<i>Remember the structures of the digestive system.</i>
2.08	<i>Understand the functions and disorders of the digestive system.</i>
<b>B</b>	<b>HUMAN BODY'S COMMUNICATION AND HORMONE CONTROL SYSTEMS</b>
<b>3.00</b>	<b>Understand the body's communication systems</b>
3.01	<i>Remember the structures of the nervous system.</i>
3.02	<i>Understand the functions and disorders of the nervous system.</i>
3.03	<i>Remember the structures of the sensory system.</i>
3.04	<i>Understand the functions and disorders of the sensory system.</i>
3.05	<i>Remember the structures of the integumentary system.</i>
3.06	<i>Understand the functions and disorders of the integumentary system.</i>
<b>4.00</b>	<b>Understand the body's systems of hormone control</b>
4.01	<i>Remember the structures of the urinary system.</i>
4.02	<i>Understand the functions and disorders of the urinary system.</i>
4.03	<i>Remember the structures of the endocrine system.</i>
4.04	<i>Understand the functions and disorders of the endocrine system.</i>
4.05	<i>Remember the structures of the reproductive system.</i>
4.06	<i>Understand the functions and disorders of the reproductive system.</i>

\*Please note, the objectives may not be taught in the sequence listed above.
